## A Message from Grandmaster Alemany

To all my black belts,  
My wish is that all my black belts begin teaching "Tiger Returns" and "Tiger Awakens" as part of their requirements for earning black belt. I am asking this because these are signature Katas created by me. They represent my interpretation of the martial arts. They include Kenpo, Arnis and Ju Jitsu. This direction was inspired by Professor Grossman, who created "Immortal Tiger" and Professor Beliso, who encouraged me to create "Tiger Returns" and "Tiger Awakens." This series of Katas will be known as "The Immortal Tiger Series." I humbly believe once you have experienced this new direction, you will be as excited as I am to learn and practice them.

Yours in the martial arts, Grandmaster Rick Alemany

### Grandmaster Alemany's 70th Birthday Dinner 8/17/08

Many of us celebrated Grandmaster's 50<sup>th</sup> and 60<sup>th</sup> birthdays at Yet Wah in San Francisco. We

have the gift of doing it all again at his 70<sup>th</sup> birthday dinner in San Francisco on Sunday, August 17<sup>th</sup> in the late afternoon or early evening. The cost for dinner is \$30 per person. It in-

cludes a several course sit down Chinese dinner, cash bar, and a chance to share this special occasion with Grandmaster and Simo Alemany. It would honor him most if you attend his birthday dinner. This event is limited to 300 people. Call (415)731-9988 and reserve your spot or table today.

Congratulations to *Professor Bill Grossman*, *Professor Lenny Beliso* and *Professor Fero! Arce*, who were all promoted to 9th degree, by Grandmaster Alemany during his last visit.

Dear fellow martial artists,

Grandmaster Rick Alemany's last visit was a huge success. It could only be made possible by the generosity of you, all his friends and students. A special thanks to Bill Grossman, who brought the most participants.

Grandmaster Master spoke very clearly when he expressed his profound love and passion for the martial arts. "The martial arts are my life. And you supporting events like "Tiger Awakens" give me life." You can only begin to know how much your continued support is vital to giving life to Grandmaster Alemany's work.

As a fulltime school owner and instructor, I was so humbled to stand in the front row of Grandmaster Alemany's, "Back to Basics Black Belt Class." It was pure joy. Grandmaster believes, "To forever be a student and never a master." He teaches us we can always learn something new and better ourselves as people and martial artists.

Respectfully, Professor Beliso
